

# 2026 OUR YEAR OF GODSPEED

1 KINGS 18:45,46

## DEFINITION

***Godspeed** is the season where the hand of the Lord rests on your life, triggering supernatural progress, divine acceleration, and covenant-backed success beyond human capacity, natural timelines, and spiritual resistance. It is grace in motion. God moves you forward swiftly and decisively, without burnout or strain. He causes you to outrun systems, exceed expectations, and see years collapse into moments. What He promised does not linger, it manifests with unmistakable speed. In this season, progress is not forced; it is favoured. It is not earned; it is enabled. Heaven partners with your obedience, and divine purpose overtakes every form of resistance. This is not hustle-culture; it is holy acceleration. Not human speed, but God's timing, perfect, precise, and powerful. This is your year of Godspeed*
